

Tata Yodha Ex

The new Tata Yodha Ex offers the best of comfort, premium-ness and all-terrain ability with its independent front suspension. Available in single cab and crew cab, the Yodha Ex is built to cater to rising aspirations of the customers for better driving comfort. It is engineered to offer superior comfort and drivability in tough terrain.

USPs:

- Independent coil spring suspension for superior driving comfort.
- Reinforced chassis frame
- Highest torque of 250Nm with a flat curve (1000-2500rpm)
- Bold design with 3 piece metallic bumper, stone-guard, metallic fender assembly, stylish grille and Tata signature 'Trust Bar'
- High ground clearance of 210mm and 16" tyres
- Anti-roll bar at the front for stability on gradients and unlevelled roads
- Advanced utility features for higher savings – Eco Mode Switch and Gear Shift Advisor
- Available in single cab and crew cab
- Lubricated for life (LFL) aggregates

Key applications: White goods, dairy products, FMCG, poultry, furniture, e-commerce, pharmacy, courier, mineral water and cash logistics.
