

**Tata Ultra Sleek T.6 – Dil Se Smart Truck!**  
*Now Business Will Reach Every Corner*

The Tata Ultra T.6 is the latest offering from Tata Motors in Light Commercial Vehicle (LCV) segment in 6-6.5 tonne GVW category. It features the world-class vehicle range of Ultra Sleek cabin. It is India’s first International-standard Sleek Cabin, measuring 1900mm in width and is designed and developed for Indian roads, redefining the transportation industry, with a perfect blend of latest technology and economies of operations. The sleek cabin helps in negotiating tight bends and congested, narrow roads, reducing the turnaround time, and thus allowing the transporter to reduce the turnaround time. It enables best-in-class driving comfort for the drivers. Its compactness also makes these trucks easier to drive, park, and are better suited for urban, semi-urban transportation. The cabin is designed thoughtfully with walk through features, with roomy interiors and 1+2 seating. It is developed to delight both, the fleet owners as well as the driving fraternity.

The Ultra Sleek T.Series is built around the ‘Power of 6’ philosophy of Tata Motors BS6 I&LCV range with focus on: Power of Business Profit, Power of Vehicle Performance, Power of Driving Comfort, Power of Convenience & Connectivity, Power of Value and Power of Safety and Security.
