PRODUCT NOTE

Tata CityRide Prime

The Tata CityRide Prime is a game-changer in intercity transportation, offering unparalleled comfort and low Total Cost of Ownership (TCO) as a double advantage. This air-conditioned bus comes with cutting-edge, modern safety features like Electronic Stability Control (ESC), Hill Hold Assist, traction control and fine-tuned suspension for enhanced drivability and passenger comfort. Additionally, it is equipped with Fleet Edge – Tata Motors' dedicated connected vehicle platform, along with a drive mode and gear shift advisor to enhance fuel economy.

USPs:

- Electronic Stability Control (ESC), Hill Hold Assist and traction control
- Enhanced passenger and driver comfort with fine-tuned suspension
- Unmatched air conditioned ride and handling comfort
- Equipped with Fleet Edge – Tata Motors' connected vehicle platform.
- Drive mode and gear-shift advisor for optimal fuel economy
- Service-free THU Axle and bigger 10R20 tyres

Applications: Intercity passenger transport
